Pritam Pravinrao Muli

Senior React Developer | React.js | JavaScript | Redux | Next.js | 4.8 Years

mulipritam358@gmail.com | +91 9359579412 | https://www.linkedin.com/in/pritam-muli/

PROFESSIONAL SUMMARY

Senior React Developer with 4.5+ years of experience building scalable enterprise and banking applications using React.js, TypeScript, Redux Toolkit, JavaScript, and REST APIs. Experienced in frontend architecture, performance optimization, team leadership, and Agile delivery. Currently leading React migration initiatives at Synechron.

TECHNICAL SKILLS

Frontend:	React.js, Redux Toolkit, Context API, Hooks, HTML5, CSS3, JavaScript (ES6+), TypeScript, Next.js, React Router, reactJS, React Router
Backend:	Node.js, Express.js, MongoDB, PHP, SQL
Tools:	Git, GitHub, Jira, Axios, VS Code
Cloud:	AWS (Basic Deployment)
Concepts:	REST APIs, Responsive Design, Performance Optimization, Core Web Vitals, Frontend Architecture
Testing:	Unit Testing — Jest, React Testing Library
Leadership:	Team Leadership, Code Reviews, Technical Mentoring, Agile Scrum, Stakeholder Communication

PROFESSIONAL EXPERIENCE

Synechron Technologies
Sep 2025 – Present

Associate Technology Consultant

- Leading and mentoring a team of 4 frontend developers on the Lift-and-Shift migration of the legacy BMM application to a modern React.js architecture with Component-driven development, conducting weekly code reviews and 1:1 technical guidance sessions.
- Collaborating with business analysts and stakeholders to gather requirements and translate them into detailed technical specifications and component-level design documents.
- Driving adoption of AI-assisted (Agentic AI) code generation on the HSBC project to accelerate development velocity and improve overall code quality.
- Architecting scalable, maintainable frontend solutions using TypeScript, React Hooks, Redux, and Context API, establishing coding standards and best practices for the team.
- Improving application performance, state management, and UX; building responsive UI components and integrating REST APIs in an Agile/Scrum environment.

Tata Consultancy Services
Dec 2021 – Aug 2025

Front-End React JS Developer

- Developed scalable web and mobile applications using React.js, JavaScript (ES6+), and TypeScript in an Agile/Scrum environment, collaborating with cross-functional teams across design, backend, and QA.
- Improved application performance by 30% and reduced page load time by 35% using optimization techniques including lazy loading and code splitting and Dynamic Imports, enhancing overall user experience.
- Increased user engagement by 60% by building real-time features and highly interactive UI components.
- Mentored junior developers on React best practices, participated in code reviews, and contributed to internal technical documentation and knowledge-sharing sessions.
- Implemented CRUD operations with MongoDB.
- Built responsive frontend using React.js, React Router, and Redux.
- Developed RESTful APIs using Node.js and Express.js.
- Implemented OAuth, JWT Authentication, Role-Based Access Control (RBAC), and secure REST API integration.

EDUCATION

B.Tech — Computer Science Engineering
Jul 2017 – Jul 2021

Shri Guru Gobind Singh Ji Institute of Engineering and Technology, Nanded, Maharashtra

CERTIFICATIONS

Certified MERN Stack Developer | Simplilearn — Demonstrates proficiency in MongoDB, Express.js, React.js, and Node.js.
